

# Bushey And District Footpaths Association

Incorporating Watford Fieldpath Association  
Registered charity No 1014684

PUBLIC PATHS

**BADFA formed in 1991** because some local people felt that the paths on or near their doorsteps were an interesting and valuable asset that might repay some extra involvement. In 2001 we incorporated the **Watford Fieldpath Association**, an organisation with similar aims which was **founded in 1899** and which did some sterling work over the years, but which had become non-active. We get involved with bridleways cycleways and byways as well as footpaths.

## We AIM

To help provide and look after paths in an area centered on Bushey but extending widely around, especially to the north and west.

To keep records of the paths and the flowers and animals near them

To explore their history

To help people understand what can and what can't be done to paths

And of course to walk, or ride, them

We get involved in all aspects of path work. We draft and pursue dedications of new paths, also of diversions where there is substantial public gain. We hold meetings, arrange walks, publish maps, produce newsletters, put up signposts, do clearance and improvement work.

We are (founder) members of the Parish Paths Partnership scheme.

If you would like to support us, whether by getting involved or just paying a subscription in support, please do so on the form provided on this leaflet. Either way **NUMBERS COUNT** and your support will be of value to the local community.
