September 2008

In 2006 we asked for local support to get a path recorded on the eastern side of the railway. The response from local people was magnificent, the result was that the County Council's provisional decision was overturned and that path is now formally recorded and safeguarded for the public. We are now asking for support in recording another path.

The Ramblers' Association

The British Horse Society

**Have you used the path shown on the map below as a short cut?  
for walking a dog?  
for cycling? or  
for any other purpose?  
If so please fill in the attached form however recently or long ago it was.**

All registered charities

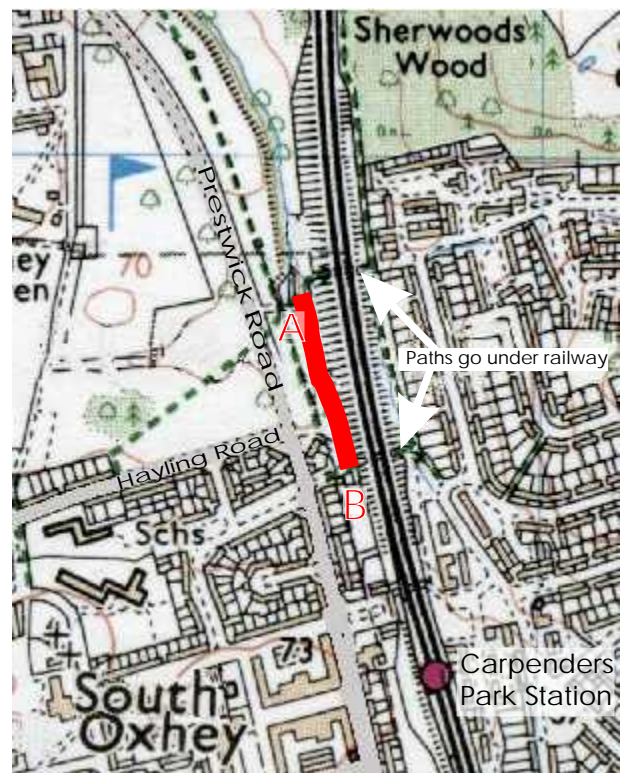

Without people speaking up it is in danger of being lost.

We are a group of interested people whose aim is to make sure that all our paths get properly recorded. Our aims are supported by the organisations shown above.

To make it easier, we have prepared a form which is attached and a stamped envelope. We do hope if you have used this path you will do this, and if you haven't used the path then perhaps you will pass it to someone who has.

Thank you.
